Dan,

I'm currently working on a briefing paper for the April 2nd, call. Are there a few CZARA talking points floating out there or, should I just identify it as a topic Dennis should address during his remarks to the Ag Directors?

Nick Peak

Linda -- I think you have it right. Dennis has been in the thick of things on CZARA. It is an evolving landscape, of course, especially with a new governor, so we'll see how that affects the update he would give. DanO.

Hi Dan and Tony,
This is a heads up. I suspect Dennis probably won't need a briefing paper to discuss this with the Ad Directors?

Could Dennis touch base on the EPA CZARA decision for Oregon and next steps for agriculture.

Thanks,

Katy

Greetings State Ag Directors,

Dennis McLerran asked that I send you this brief reminder that our next quarterly EPA and State Ag Director's conference call is on Thursday, April 2 at 10:00 am PT/11:00 am MT. The teleconference information is below.

In addition to the usual roundtable report out by participants, if there are any specific agenda items that you would like to lead or would like Dennis to discuss, please send those topics either to me, Nicholas Peak at peak.nicholas@epa.gov, and Linda Anderson-Carnahan at Anderson-Carnahan.Linda@epa.gov.

I'd also like to note that we plan on having the new Ag Counselor to the Administrator, Ron Carleton, on the teleconference to provide an update on EPA Headquarters activities.

We look forward to our conversation in early April. Please feel free to contact me with any questions.

Thanks,
-Nick
